## Conference of the Parties

### Twenty-first session

Paris, 30 November to 11 December 2015

Item 2(e) of the provisional agenda

### Organizational matters

#### Admission of organizations as observers

## Admission of observers: organizations applying for admission as observers

### Note by the secretariat

1. The admission of intergovernmental organizations (IGOs) and non-governmental organizations (NGOs) as observers at sessions of the Conference of the Parties (COP) is governed by Article 7, paragraph 6, of the Convention, which provides that, *inter alia*:

“Any body or agency, whether national or international, governmental or non-governmental, which is qualified in matters covered by the Convention, and which has informed the secretariat of its wish to be represented at a session of the Conference of the Parties as an observer, may be so admitted unless at least one third of the Parties present object.”

2. COP 1 agreed<sup>1</sup> that the secretariat should invite to the future sessions of the COP and of its subsidiary bodies all IGOs and NGOs admitted at COP 1 and at future sessions, unless an objection was raised to any particular organization in accordance with the Convention and the draft rules of procedure being applied.<sup>2</sup> Consequently, the secretariat has notified all organizations admitted to previous sessions of the COP (with the exception of those admitted to a single session only) of the date and venue of COP 21 in accordance with rule 8 of the draft rules of procedure being applied, without prejudice to decisions that may be taken by the COP. Only new applicants need to apply for admission.

3. The secretariat has prepared, for consideration by the COP, a list of new applicant IGOs and NGOs that satisfy the requirements set out in (1) the Convention, (2) the draft rules of procedure being applied and (3) established practice, and which have expressed a wish to be represented at sessions of the COP and its subsidiary bodies as observers (see the annex). The secretariat recommends that the organizations *Agriculteurs Français et Développement International (AFDI)*, *Association Française des Entreprises Privées*

<sup>1</sup> FCCC/CP/1995/7, paragraph 22.

<sup>2</sup> FCCC/CP/1996/2.

(AFEP), Association Française des Petits Débrouillards (AFPD), Bizi !, Conférence des Présidents d'Université (CPU), Institut Français des Formateurs Risques Majeurs et Protection de l'Environnement (IFFO-RME), Fédération des Elu-es Verts et Ecologistes (La FEVE), Les Anges Gardiens de la Planète, Les Jeunes Écologistes (JE), Monde Pluriel, and Mouvement des Entreprises de France (MEDEF) be admitted only to the United Nations Climate Change Conference to be held in Paris, France.

4. In drawing up the list, the secretariat has taken due account of the provisions of Article 7, paragraph 6, of the Convention and rules 7 and 8 of the draft rules of procedure being applied, as well as of the established practice, of which the Subsidiary Body for Implementation took note,<sup>3</sup> whereby IGOs and NGOs are required to provide proof of competence in matters related to the Convention and to confirm their independent juridical personality and non-profit and/or tax-exempt status in a State Member of the United Nations, one of its specialized agencies or of the International Atomic Energy Agency, or in a State party to the International Court of Justice.

5. The members of the Bureau have received the list of new applicants and have not raised any objections to the organizations listed. These organizations have been advised of their status as provisionally admitted on the understanding that the ultimate authority for their admission as observers rests with the COP. The COP is invited, at the 1<sup>st</sup> meeting of its twenty-first session, to accord observer status to the IGOs and NGOs listed in the annex.

6. Parties to the Convention that are also Parties to the Kyoto Protocol may wish to recall that decision 36/CMP.1, paragraph 2(c)(ii), provides that with respect to rules 6 and 7 of the draft rules of procedure being applied, a single process is to be used for the admission of observer organizations to sessions of the COP and of the Conference of the Parties serving as the meeting of the Parties to the Kyoto Protocol, with decisions on admission of observer organizations taken by the COP.
